

Stock Rise – Rules & Regulations

Event name: Stock rise

Website : NEOSTOX VIRTUAL STOCK SIMULATOR

Organized by: E-Cell, NIT Nagaland

Date: 31st October

Trading Time: 8:30 AM – 9:00 AM

Result Announcement: 4:30 PM – 5:00 PM

Event Overview

Stock Rise is an individual stock market simulation where participants experience real-time trading in a risk-free virtual environment.

Using a pre-announced stock simulation app, participants will analyse market trends, execute trades, and aim to maximize their virtual portfolio value within the designated trading window.

The event tests analytical thinking, decision-making, and financial strategy, simulating real-world stock trading scenarios.

Participation Rules

This is an individual event — only one participant per team.

Open to students from NIT Nagaland and other invited institutes.

Each participant must register in advance.

The simulation platform/app will be announced prior to the event.

Event Format

Trading Round (8:30 AM – 9:00 AM)

Participants will receive virtual capital in the simulation app.

Trades must be executed only through the official simulation platform.

Portfolio value will fluctuate based on pre-set market events and stock price changes.

Result Declaration (4:30 PM – 5:00 PM)

Winners will be determined based on final portfolio values.

Results will be announced in the specified time window.

Time & Submission Rules

Participants must log in and start trading on time. Late joiners will not be allowed.

Trading will stop automatically at 9:00 AM, and portfolios will be frozen for evaluation.

All trades must be executed within the app; no external trading tools are allowed.

Trading Guidelines

Participants must use the official simulation app announced beforehand.

Each participant starts with equal virtual capital.

Only the stocks and trading features provided in the app may be used.

Short selling or advanced trading options are allowed only if stated by organizers.

Tampering or manipulation of the app data will lead to immediate disqualification.

Judging Criteria

Final Portfolio Value – main criterion for ranking.

Risk Management & Strategy – ability to make calculated trades.

Understanding of Market Behaviour – rational trading decisions.

Clarity & Efficiency – quick, smart execution of trades.

General Rules

Internet use is permitted only for accessing the simulation app.

Any malpractice, plagiarism, or multiple accounts will result in disqualification.

Judges' and organizers' decisions are final and binding.

Participants must maintain professional conduct throughout.

The organizing committee reserves the right to modify rules or trading conditions if required
